EDUCATION

University of York 2023
BEng. Computer Science

- Weighted average: 77%, Expected First.

Lady Manners School 2020
A-Level

- Further Maths (A), Maths (A), Computer Science (A), Physics (A).

EXPERIENCE

Cisco Meraki June - August 2022
Full Stack Engineer Intern *London, UK*

-

PROJECTS

Automated Horse Betting Program December 2020 - July 2021
https://github.com/tom-pollak/each-way-matcher

- Discovers undervalued horses by the bookmaker in each-way betting.
- Uses an adapted Kelly Criterion strategy to calculate the optimal stake of these undervalued horses.
- Uses Python, Pandas and Selenium to scrape the horse races, interacts with Betfair API to place bets.
- Runs headless on a Raspberry Pi as a scheduled cron job every day.

Pirate Game January - February 2022
https://github.com/tom-pollak/pirates

- Pirate themed video game using Java and LibGDX.

Poker Web Application April 2019 - July 2020
https://github.com/tom-pollak/web-poker

- Free live poker web app using Python and Django.
- Users can create accounts and tables, play poker, and chat with other players.
- Uses Django Channels for real-time communication with the users.
- Deployed with Docker and Heroku.

SANS Institute August 2020
FOR500 Windows Forensic Analysis
https://www.sans.org/cyber-security-courses/windows-forensic-analysis

- Sponsored through my success in the Cyber Discovery programme.

Cyber Discovery September 2018 - July 2019

- Independently completed the Cyber Discovery programme, run by HM government.
- Selected as one of the top 500 (of 28,000) students to attend the Cyber Discovery Elite event in London.
